ABOUT THE COLLEGE

S.P. College, the oldest and premier institute of higher education in Kashmir embodies a history of 106 years of its glorious past. Established in 1905, the history of S.P. College is in fact, the history of progress of higher education in Kashmir. Almost for the first half of the 20th century, S.P. College had the distinction of being the only institution to provide facilities for imparting higher education in Arts and Science disciplines in the valley. Despite a good number of colleges coming into existence in the valley after 1947, this college continues to maintain its primacy and academic excellence all along. With the delinking of arts faculty from it in 1925, S.P. College is now an exclusively science college imparting science education at undergraduate level in a broad spectrum of subjects like Botany, Chemistry, Bio-chemistry, Bio-technology, Statistics, Zoology, Environment and Water Management, Geography, Geology, Information Technology, Electronics, Physics, Mathematics, with as many as 35 subject combinations. In a significant stride forward the college is running P.G. level programme in Chemistry and Environmental Science since 2003. Five more P.G. level programmes in various science subjects are in pipeline.

The college is on its way to broaden the entire spectrum of Science Education in the light of modern perspective under the dynamic leadership of the worthy Principal, Dr. Yaseen Ahmad Shah.
